Version 0.9.2

JASP

Welcome to JASP

A Fresh Way to Do Statistics: Free, Friendly, and Flexible

- **Free:** JASP is an open-source project with structural support from the University of Amsterdam.
- **Friendly:** JASP has an intuitive interface that was designed with the user in mind.
- **Flexible:** JASP offers standard analysis procedures in both their classical and Bayesian manifestations.

So open a data file and take JASP for a spin!

Please keep in mind that this is a preview release and a number of features are still missing.

If JASP doesn't do all you want today, then check back tomorrow: JASP is being developed at break-neck speed!
